| **Portfolio** This is Fran ↗ | **LinkedIn** Francisca Brito e Faro ↗

Creative and versatile Front-End Developer and UX/UI Designer with over 5 years of experience in building responsive, visually appealing, and user-friendly websites. Skilled in web development, graphic design, and prototyping, combining technical expertise with a keen eye for design. Passionate about delivering innovative digital solutions and constantly exploring new technologies to enhance user experiences. Outside of work, I enjoy exploring creative visual projects and experimenting with design trends.
